Skills

- **Languages**: C++, C, Python, R, SQL
- **Frameworks**: Scikit-learn, PyTorch, TensorFlow, Keras, XGBoost, HuggingFace Transformers, PySpark
- **Tools/Platforms**: FastAPI, Flask, Docker, PostgreSQL, Git, Google Colab, Jupyter Notebook, VS Code, ETL Pipelines, Data modelling, AWS (S3, EC2 – basics)
- **Soft Skills**: Cross-functional coordination, Adaptability, Active listening, Curiosity

Projects

- **Movie Recommender System**: GitHub — June 2025
  - Developed a Tinder-style movie recommender system that generates personalized movie suggestions based on user swipe history and interaction patterns.
  - Built a FastAPI backend to handle real-time recommendation logic, user event tracking, and seamless communication with a swipe-based frontend.
  - **Tech:** Python, FastAPI, React.js, Node.js, CSS, REST APIs, Recommendation Systems, User Behavior Tracking.

- **Design Assistant Chatbot:** GitHub — Mar. 2025
  - Engineered a design-assistant chatbot that leverages user-provided Google API keys to automate the generation of design-related code snippets, improving frontend development efficiency.
  - Developed a FastAPI-powered backend to support real-time code generation, API communication, and seamless interaction between ML components and the UI layer.
  - **Tech:** FastAPI, Machine Learning, Tkinter, Tailwind CSS, Web Embedding, REST APIs.

Training

- **Machine Learning Made Easy: From Basics to AI Applications:** Link — June 2025
  - Underwent guided Machine Learning training covering supervised, unsupervised and ensemble techniques using Python.
  - Applied algorithms like Linear Regression, Logistic Regression, KNN, Decision Trees, Random Forest, SVM, and Clustering to real datasets.
  - Developed understanding of AI applications and model deployment fundamentals.

Certifications

- Generative AI apps and solutions with no-code tools | Udemy | Link — Aug. 2025
- NPTEL Certified Course – Affective Computing | Score: 75% | Link — Apr. 2025
- Computer Communications | Coursera | Link — Aug. 2024

Extracurricular Activities

- Earned Kaggle "1-Year Consistency" badge and "Python Coder" badge. — May 2025
- Active LinkedIn blogger with 5,000+ total impressions. — Since Jan. 2025
- Volunteered with an NGO, contributing to community support activities. — May 2024

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.1*** — Aug. 2023 - Present
- **Sri Chaitanya Junior College** — Kommadi, Vishakhapatnam
  Intermediate; ***Percentage: 92%*** — Apr. 2021 – Mar. 2023
- **Ravindra Bharathi School** — Tekkali, Vishakhapatnam
  Matriculation; ***Percentage: 97%*** — Apr. 2020 – Mar. 2021
